IBEW Local 2351 Scholarship 2019

Every year, as per IBEW Local 2351 policy and procedures, a \$1000.00 scholarship is awarded to a student attending post-secondary education. Applicants must be a child of members in good standing of IBEW Local 2351 or be in the graduating class of Eric G. Lambert School and be accepted into first year studies at a post-secondary institution.

A committee, consisting of three (3) members have independently reviewed and scored the applicant's submissions. On Behalf of IBEW Local 2351, I am pleased to announce that Benjamin Jacobs, son of Bernard Jacobs and Stacey Fowlow Jacobs, is the recipient of the IBEW Local 2351 Scholarship for 2019.

Benjamin has proven to be an exceptional student, academically, graduating from Eric G. Lambert School on the Principal's list with first class honours and an overall average of 88%. Benjamin, admittedly "by nature a quiet person", overcame that shyness to help classmates academically, tutored younger students in Math and mentored Primary/Elementary students in stop motion art, computer coding and 3D printing clubs.

Benjamin has been involved in many different associations but one that he is "particularly proud of" is his years in the Canadian Junior Ranger Program. He attended basic summer camps and was invited to attend Junior Ranger National camps. In 2019, he was awarded the highest honour bestowed on a Junior Canadian Ranger, The Lord Strathcona Medal. This medal is for exemplary performance in physical and military training.

In his community, Benjamin has, among other things, volunteered for Environment week, Local Minor Hockey Association, Winter Carnival, and did recycling for the community church. He comes highly recommended from several sources, within the school and community.

Benjamin is currently enrolled in a Bachelor of Science in Software Engineering program, in University of New Brunswick, at Fredericton, New Brunswick. Please join me in congratulating Benjamin for his achievements thus far and wish him continued success.

Fraternally

Dean Harris
